

Mommy Deer

Come and meet my mommy,
We live deep in the wood.
She's always watching out for me,
Just like a mommy should.

She helps me reach the maple leaves
To nibble from the tree.
God made Mommy special—
She's so good to me!

Mommy Owl

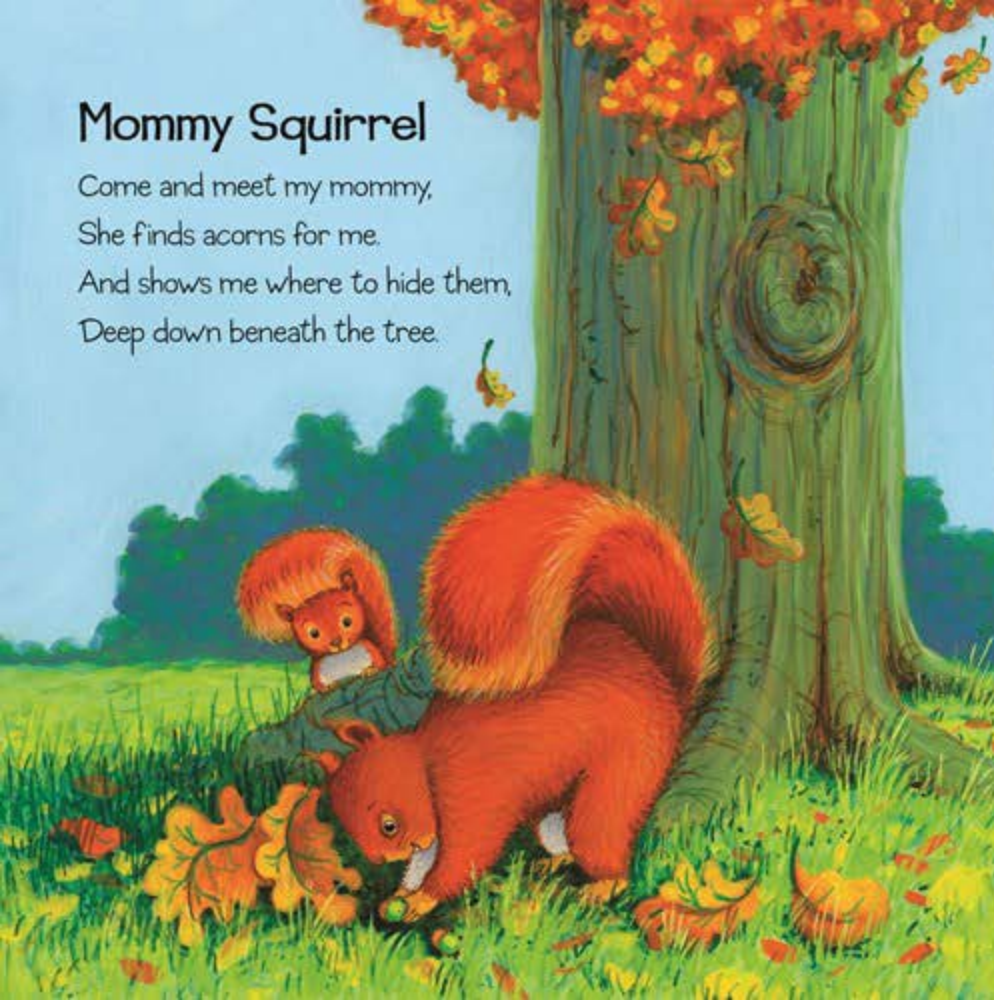

Come and meet my mommy,
Our nest is way up high.
But I don't need to be afraid—
She'll teach me how to fly.

Over trees and roof tops,
We'll soar into the night.
God made Mommy special—
She's such a pretty sight!

Mommy Squirrel

Come and meet my mommy,
She finds acorns for me,
And shows me where to hide them,
Deep down beneath the tree.

And when the winter snow comes,
We'll share a lovely treat.
God made Mommy special—
She really is so sweet!
