

God said, "Let the water under the sky be gathered into one place. Let dry ground appear." And that's exactly what happened. God called the dry ground "land." He called all the water that was gathered together "seas." And God saw that it was good. —Genesis 1:9–10

Day 4

God just has to say the word and things are created!

God has great power. He knew what he wanted to create and so he did it! And the creations he made were just the way he thought they should be. Everything worked and fit into the world he was making.

Thank you, God, for all you made for us.

Then God said, "Let the land produce plants. Let them produce their own seeds. And let there be trees on the land that grow fruit with seeds in it. Let each kind of plant or tree have its own kind of seeds." And that's exactly what happened. —Genesis 1:11

Day 5

It was God's idea to make things in the world have color. He chose to make the sun yellow, the grass green, and the sky blue. Imagine what the world would be like if it were only black and white!

When God made heaven and earth, he made things colorful.

Thank you, God, for making the world a colorful place!

So God created the great sea creatures. He created every kind of living thing that fills the seas and moves about in them. He created every kind of bird that flies. And God saw that it was good.

—Genesis 1:21

Day 6

**God created
every kind of
living creature.**

Think about all the different kinds of living creatures. There is not just one kind of bird or one kind of fish! God thought them all up. Would you have been able to think of thousands of kinds of birds or fish like God did?

***Thank you, God, for making so many types,
shapes, and sizes of creatures!***

God made every kind of wild animal. He made every kind of livestock. He made every kind of creature that moves along the ground. And God saw that it was good.

—Genesis 1:25

Day 7

Think about your favorite animal. God was the first to think of that animal. He came up with the idea for dogs and cats, elephants and turtles. God knew his creation of animals was good. He knew we would love them. He wants us to promise to care for them.

Animals have not always been around. God is the one who made them!

Thank you, God, for my pets and for all animals.
