

✦ God Creates Our World ✦

Genesis 1-2

In the beginning all was dark.
God's handiwork began.
He made our world with care and love.
Light shined at His command!

God made the sun to warm the day,
The moon to brighten night.
He hung the stars and shaped the seas.
Dry land came into sight.

God made the zebra, whale, and snail,
The butterflies and birds.
He raised the trees, made blooms for bees.
Earth came to life through words.

Then God created humans last—
His favorite work by far.
God blessed a holy day of rest
And blessed the gift you are.

*Dear God, all You made is amazing to see.
Thank You for creating me!*
