

You were lying  
in your bed.  
You were feeling  
kind of  
**sleepy.**

But you couldn't  
close your eyes  
because the room  
was getting  
**creepy!**

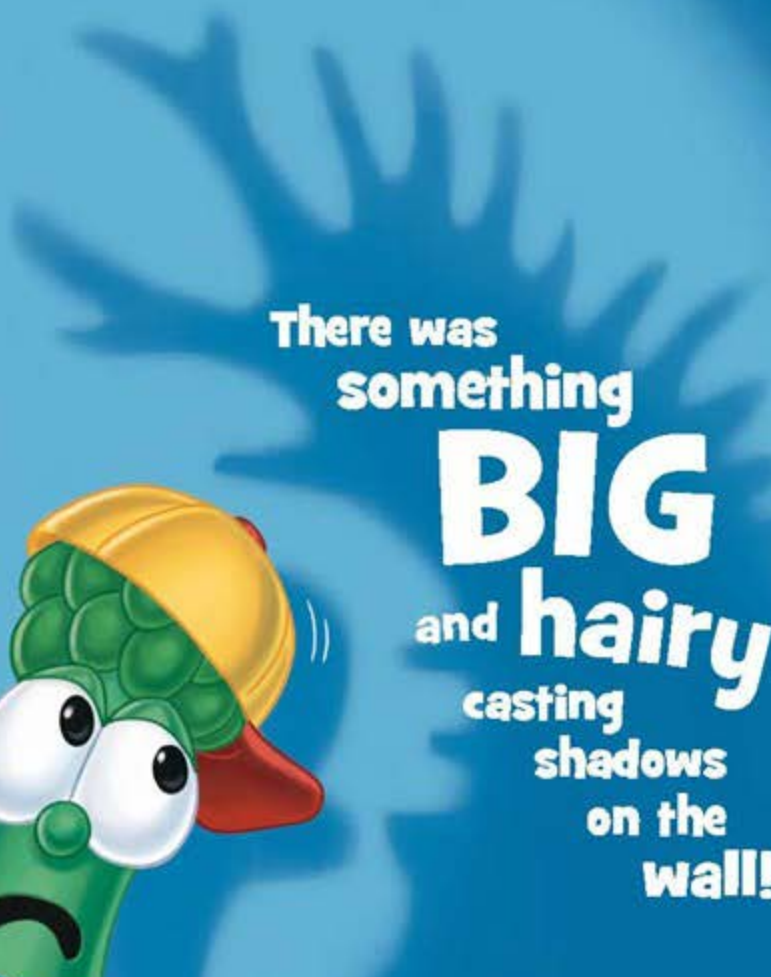

Were those  
**eyeballs**  
in the  
closet?

Was that  
**Gourd-zilla**  
in the hall?

There was  
something  
**BIG**  
and **hairy**  
casting  
shadows  
on the  
wall!

Now your heart is  
beating like a drum.  
Your skin  
is getting  
**clammy.**

There's a  
**hundred** tiny monsters  
jumping right into  
your  
**jammies!**
