Over the past four decades, I have studied nearly 1,500 cases of near-death experiences, but Gabe Poirot's NDE is one of the most miraculous, awe-inspiring, and biblically confirming cases I've encountered. Reading Gabe's testimony will leave you captivated by the wondrous person of Christ, in awe of the exhilarating place Gabe encountered, and most importantly, transformed by the passionate way God uniquely sees you.

My friend Gabe Poirot's book *18 Days in Heaven* is a profound account of his own transformative journey that will stir your faith and ignite your heart with the reality of God's love. Gabe's testimony is not just a story, it's an invitation to encounter the living God in a deeply personal way. His personal and vivid descriptions of heaven, his life-changing encounter with Jesus, and the scriptural foundation woven throughout the book will assist those seeking to deepen their relationship with Christ. I believe this book will also encourage those who have lost a loved one who died in the faith. Gabe's experience aligns with the heart of God and the truths revealed in His Word. This book is a treasure trove of revelation, hope, and encouragement. It will challenge you to live with eternity in mind and inspire you

to walk in the fullness of your God-given purpose. I wholeheartedly endorse *18 Days in Heaven* and encourage you to read it with an open heart. Prepare to be forever changed.

Gabe Poirot's story is a faith-inspiring account of supernatural proportions. His miraculous recovery and heavenly visions call our attention to the biblical realities of healing, miracles, and eternity. I believe his testimony will move many to see life from the perspective of the Spirit. May your heart be uplifted as you read *18 Days in Heaven*.

David Diga Hernandez

Evangelist

There are moments when God reaches down and interrupts death itself—because a life is marked for divine assignment. That's Gabe Poirot. His story isn't just miraculous, it's a sign. From the moment you read it, you'll know that this young man carries an anointing for this hour. He's evidence of a new generation being mantled for end-time miracles, and his life is a prophetic preview of what's coming.

Lance Wallnau

CEO, Lance Learning Group

This book is a vibrant yet peaceful reminder that as a believer you are *one* with Jesus. It stirs a fresh revelation of the truth that

He has your best interest in mind, even when He asks you to do hard things. Gabe's story inspires you to let go of the shame and guilt and just believe what the Word says about you becoming the righteousness of God in Christ Jesus. His testimony of encountering Jesus aligns with the Scripture, but it also highlights the beauty of Jesus we already see throughout the Word but that we don't always fully comprehend. This is the story of the good God loving you with the deepest kind of love. Thank you, Gabe, for writing it down.

Studies show that more than 80 percent of Christians admit they struggle to understand the Bible for themselves, and too many never move past surface-level faith because of it. That's why this book matters. In these pages you will encounter insight that unlocks the scriptures in a way that is practical, prophetic, and deeply personal. Gabe doesn't write as a detached academic, but as a guide who has wrestled with the Word, lived it out, and now hands you the keys to go deeper.

If you've ever longed to hear the voice of God more clearly, to understand His Word beyond clichés, and to apply it with confidence, this is the resource you've been waiting for. I wholeheartedly recommend it, not as another book for your shelf, but as a tool that will shape your walk with Christ for years to come.

What an honor it is to endorse this book. I first met Gabe on a Wednesday night church service at OpenDoor. He came in with his beautiful bride as guests of my good friend Joseph Z. I had heard about Gabe and had even seen some of his multi-million-viewed media reels, but had never met him. I have had the privilege of meeting a lot of people, some of them my great heroes in the faith, but meeting Gabe was extra special to me. I can tell you that whatever good things I thought about him before I met him were greatly accelerated after I met him. What you see is what you get. Gabe lives a concentrated life and is a kingdom guy 24 hours a day. His passion for Jesus is so contagious, and the love of God just pours right out of him. In this book, you are going to hear an incredible story; and the person writing it, should not even be alive to tell it.

This is not just about a near-death experience. This is about an encounter with King Jesus and a life that is forever transformed. Read it with an open heart and own the impact. It's just beautiful.

I have known Gabriel Poirot for many years and one of the cool things about his story is his honesty—honesty in who he is, in what he believes, and in what he does. This honesty comes through in his new book, *18 Days in Heaven*. In this book, you will be taken on an unforgettable journey of Gabe's death and the journey of a lifetime that he experienced for 18 days. I believe that for all of us, our choices create our circumstances.

Today, my prayer for you is that you will read this book and as you do you will come face-to-face with the same love that Gabe unpacks within these pages. I believe you'll be glad you did.

18 Days in Heaven is more than a remarkable story—it is a life-changing encounter with the love of Jesus. Gabe doesn't point to sensational details, but to the One who makes heaven what it is. With raw honesty and heartfelt humility, he shares how meeting Christ face-to-face redefined everything about life, eternity, and God's love for us. As I read Gabe's descriptions of Jesus—especially His eyes—I could tangibly sense the presence of God. Each page drew me deeper into His love, stirring my spirit, and making me fall more in love with Jesus. This is not just a book you read—it is an experience that brings you closer to the heart of Christ. I can also say from knowing Gabe personally that his life matches his message. He is a true man of God, full of sincerity and passion who loves people well and carries himself with integrity. As a friend, I have seen how authentic and consistent he is in his devotion to Christ. That authenticity

saturates every page of this book. *18 Days in Heaven* will stir your hope, strengthen your faith, and awaken a longing for eternity with Jesus. Few testimonies carry such purity—this one will stay with you long after you close the final page.

John Matarazzo

Gabe's encounter with Jesus will wreck you in the best way possible. This isn't religious fluff; it's raw, biblical truth that will ignite your faith and remind you of heaven's reality. Every believer needs to read this transformative testimony of God's relentless love.

I first met Gabe in Bible School where he was a student and I was his instructor. I watched him for two years in and out of class. I recall thinking there is something different, something special about this young man. Maybe some call it an anointing or that he is talented and charismatic. But none of those words fit what I observed. I just knew in the years to come Gabe would make an impact. I never thought it would happen the way it did. Jacob wrestled with God and walked differently the rest of his life. It marked him. Gabe, too, walked differently since the day of his horrific accident that left him bedridden in a coma for 18 days. I have spoken to Gabe, with his beautiful wife and newborn son, since that terrible day. Gabe is different in a way only an encounter with the Lord will do. There is a new spark and clarity about him. I truly encourage you to allow Gabriel's encounter

to strengthen your faith and draw you closer to God's presence. Allow Gabe's description of Jesus and heaven to bring you peace and empower you to walk with Him every day of your life.

I've spent years studying and publishing near-death accounts, and I'm honored to be one of the first people who interviewed Gabe about his experience. From the start, I could sense the authenticity of his walk with Jesus and the integrity with which he handled his story. That same integrity permeates *18 Days in Heaven*. What distinguishes this book is its unwavering, Scripture-honoring focus on the person of Jesus—not merely the sights of heaven. Gabe writes with humility and clarity about the love that changed him, the mercy that re-framed his life, and the hope that anchors every reader who belongs to Christ. His emphasis on encounter over spectacle is exactly what our moment needs. As an author of four books on NDEs, I'm thrilled to see a Christ-exalting heaven testimony reach a wider audience through this project. *18 Days in Heaven* will encourage seekers, comfort the hurting, and call believers to live with eternity in view. I recommend it without reservation.

FOREWORD

by Rick Renner

I have never written a foreword for a book like this, but it is my joy to write this foreword for *18 Days in Heaven* written by my friend Gabe Poirot.

Gabe desired to write this book for a long time but waited until he felt the right moment came for him to do it. I watched as he hovered over every word to make sure it really caught the essence of what he experienced during his 18 days in heaven. As part of the writing process, he asked others with spiritual authority to read it. The result is a book that is both riveting and life changing. Because I consider an endorsement so serious a task, I have personally read it several times myself before agreeing to write this foreword. I believe the book you hold in your hands is a true account of Gabe's 18 days in heaven and how that event changed his life—and I am sure this book will impact your own life as you read it.

Over many years, I've read multiple accounts written by people who claimed they have been to heaven. However, I have never read an account like this one. In 2 Corinthians 12, the apostle Paul wrote that he had gone to heaven, and he wrote that it was impossible to convey what he saw and experienced there. As I read *18 Days in Heaven*, I took note that Gabe did not focus on exterior things he saw in heaven—rather, he focused primarily on His revelation of Jesus Himself. Gabe has obviously had

an experience with Christ that has dramatically impacted his life; and in the pages of this book, from the first page to the last, he passionately conveys how this experience brought him a new awareness of God's love for all humankind.

Heaven is a real, geographical location that awaits each of us who are authentic sons and daughters of God. In John 14:2-3, Jesus told us that He would go away to prepare a place for us; and that if He was preparing a place for us, He would indeed come again to receive us unto Himself. Whether we go to heaven by means of the Rapture or the grave, a day lies in the future of all real children of God when they will go to heaven to reside in the Father's vast house along with all the other saints. This is a precious hope that belongs to every child of God, and that includes you as a believer. I believe that reading Gabe's book will stir deep within you the hope and longing for that moment when we will all reach our destination there.

At the very end of the book, Gabe answers the potential criticism of those who would allege he just made up the story. But this is not a fabricated tale—it's a real-life experience during which he really spent 18 days in heaven. The photos and medical reports included in this book add so much to verify what Gabe experienced in the hospital during his very long and difficult recovery process from the accident that landed him there.

The style of writing in this book is very "Gabe." It is creative, to the point, full of wonderful insights, and it will make you fall more in love with Jesus. Take your time to savor this book as you read Gabe's journey from the beginning to the end. And please ask the Holy Spirit to fill your heart with awe, not only at what Gabe experienced, but at what eventually awaits each of us who calls Jesus the Lord of our lives.

As a final word, I want to say that I respect Gabe and the purity he has for obeying the call of God on his life. He is a man with a heart on fire and a desire to serve Jesus and His Church with purity and passion. It is my joy to call him a friend.

FOREWORD

by Randy Kay

In a world increasingly skeptical of the supernatural and dismissive of divine encounters, Gabe Poirot's testimony arrives like a bright light piercing through darkness. What you are about to read is not merely another near-death experience account—it is a powerful witness to the reality of Christ's unfailing love and the authentic hope that awaits every believer.

Knowing Gabe from several encounters, I have witnessed his intense love for God and his compassion for people that reflects the heart of God. As a fellow afterlife survivor who has also met God in heaven, and having interviewed hundreds of near-death and afterlife survivors, I can legitimately testify that Gabe's experience is not only real but that he truly encountered the person of Love Himself. I see this transformation not only in Gabe's personhood but in his ministry—this is a man who was profoundly changed by meeting God, as I was, but in a unique way that allows Gabe to express the authentic nature of God with remarkable clarity.

He does something few have been able to accomplish—he conveys the very heart of God to a world desperately needing compassion and genuine love. As someone who has worked in the fields of neurology and cardiology, leading clinical teams and biotech companies, I can appreciate the miraculous nature of Gabe's survival; medically speaking, not many would survive

such trauma. God obviously had a divine plan for Gabe's life, and this book represents a profound expression of the calling he is uniquely tailored to fulfill.

As someone who has walked with the Lord for many years, I have encountered numerous testimonies of heaven, hell, and divine visitations. What sets Gabe's account apart is not its dramatic nature, but rather its unwavering fidelity to Scripture. Throughout these pages, you will find that every revelation, every encounter, and each truth Gabe shares is firmly anchored in God's Word. He does not seek to add to Scripture or create new doctrine, but rather illuminates the profound depths of what has already been revealed to us through the Bible.

Prepare to have your understanding of God's love completely transformed. In these pages, you will witness the breathtaking reality of heaven's throne room, experience the overwhelming presence of Jesus Christ, and discover the shocking truth about how God really sees you. Gabe takes you on an extraordinary journey through his life review, revealing how every moment of our existence is precious to God—even our failures and deepest shame. You will be moved to tears as you read about the scars on Jesus' hands that still speak your name, and you will be amazed by the scientific evidence that supports the miracle of life beginning at conception with an explosion of light.

The apostle Paul wrote of being "caught up to the third heaven" and hearing "inexpressible things" (2 Corinthians 12:2-4). Similarly, the prophet Isaiah declared, "I saw the Lord, high and exalted" (Isaiah 6:1). Stephen, while being stoned, gazed into heaven and saw "Jesus standing at the right hand of God" (Acts 7:56). Gabe's experience stands in this biblical tradition of

divine encounters that serve to strengthen faith and reveal God's character.

What strikes me most profoundly about Gabe's testimony is how it magnifies the person of Jesus Christ. In an age where many religious experiences seem to focus on the individual or promote human potential, Gabe's encounter consistently points us to the supremacy, beauty, and overwhelming love of our Savior. His description of Christ's eyes—burning with love, carrying no record of our sins, seeing us exactly as He sees His beloved Son—brings tears to my eyes and hope to my heart.

This book will shatter every religious misconception you've ever held about God. You will discover that Jesus is not the weak, passive figure often portrayed, but the mighty King with burning eyes of purple passion who fought hell itself to win you back. Gabe's vivid descriptions of heaven's colors, sounds, and fragrances will awaken your senses to eternal realities. You will learn about the powerful spiritual realm where your words become soldiers fighting either for you or against you, and how the prayers of believers literally build bridges between earth and heaven. Most incredibly, you will understand why your name is written in blood in the Lamb's Book of Life—not in ink, but in the precious blood of Christ Himself.

Perhaps most importantly, this book addresses the fundamental questions that plague every human heart: Am I truly loved? Am I enough? What happens when I die? Gabe's answers to these questions flow directly from his encounter with the One who is Love itself. The Jesus he met is not the weak, passive figure often portrayed in popular culture, but the mighty King of kings who willingly laid down His life and took it up again—all for love of you and me.

To those who may approach this book with skepticism, I encourage you to test everything against Scripture, as the Bereans did (Acts 17:11). Gabe himself invites this examination. To those who are hurting, lost, or questioning God's love for them, prepare to encounter the most beautiful revelation of divine love you may ever read. To believers who have grown cold or distant in their faith, allow these pages to rekindle the fire of your first love.

Don't read this book if you're content with lukewarm Christianity or comfortable with religious traditions that keep God at arm's length. This testimony will ruin you for anything less than an authentic encounter with the living God. You will never again be satisfied with secondhand religion when you've tasted the reality of His presence through Gabe's eyes. Whether you're a skeptic, a seeker, or a seasoned believer, this book will either draw you deeper into the heart of God or challenge everything you thought you knew about Him.

This is not a book to be read casually. It is a call to encounter—a bridge between heaven and earth that invites you to see yourself as God sees you and to understand the magnificent price that was paid for your redemption. Gabe's experience reminds us that we are not accidents of biology or cosmic coincidences, but beloved children, planned from eternity and pursued by perfect Love.

Every page of this book pulsates with eternal significance. You will gain insider knowledge of heaven's throne room, understand the mystery of time as God experiences it, and discover why your seven senses were designed to reflect the sevenfold Spirit of God. Gabe's encounter with Moses and Elijah on heaven's timeline will give you prophetic insight for the days ahead,

while his revelation of the spiritual battles surrounding prayer will transform how you approach God. This book doesn't just tell you about heaven—it prepares you to bring heaven to earth.

May the Holy Spirit use Gabe's testimony to draw you closer to the heart of the Father, to deepen your love for Jesus Christ, and to ignite within you a passion for sharing this incredible love with a world that desperately needs to know they are heaven's treasure.

The harvest is plentiful, but the workers are few. After reading these pages, may you never be the same. May you carry the fragrance of heaven wherever you go, may you see people through God's eyes of burning love, and may you live with the unshakable confidence that you are eternally secure in the One who calls you His masterpiece.

Get ready for your life to be forever changed. This is more than a book—it's an invitation to encounter the God who is madly in love with you.

For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life.

INTRODUCTION

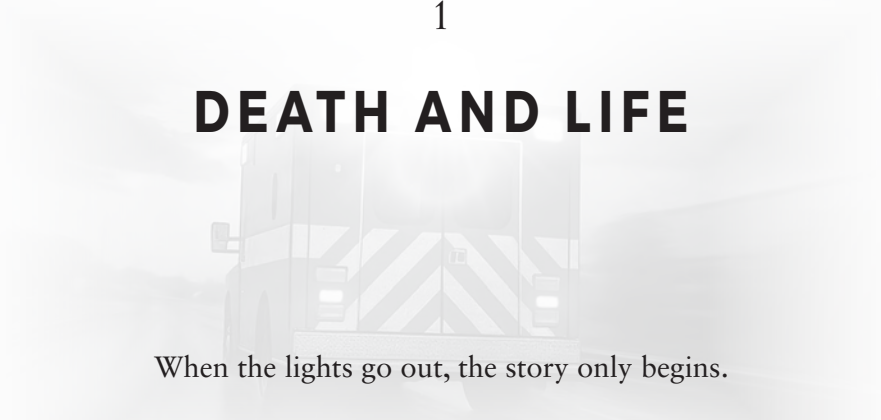

It had been *such a normal day*, and I never expected that my last breath would be *so close*. This testimony of mine is the most intimate and precious experience that I never could have imagined for myself.

Being *face-to-face* with my Creator has forever changed my life; and as you read this book, I implore you to deeply treasure every chapter you are about to embark upon. I have not written this just to “entertain” or sensationalize my experience. I simply want to introduce you to who *I was with* after leaving my body.

After four years of opening my laptop and struggling to even put my experience into words that could be understood, He has finally released me to share *these precious details* with you. My prayer is that you would not just observe this encounter from afar, but that you could see *yourself in my shoes*. It was *for this purpose* that He told me to write this *for you*.

Your last breath is *much closer* than you realize.

DEATH AND LIFE

When the lights go out, the story only begins.

Beep. Beep. Beep.

Blood was everywhere. I was unconscious and nonresponsive. My lungs had failed.

The rhythm of the heart monitor echoed through the ambulance like a countdown. Every second felt heavier than the last. Medics exchanged glances, silent but knowing. They had seen this before—the pale skin, the erratic breathing, the body teetering between life and death. But this case was different.

I was young. Too young.

I was only one month away from my 21st birthday. So much for a party. The back of my skull had shattered against the pavement. My brain didn't even register the pain; it simply shut off. Blood poured from my ears—the only way the pressure could escape. My body had turned against itself—vomit pooling into my lungs.

By the time I reached the ER, the verdict was already in their eyes: this was the end.

Cases like mine didn't end well. The statistics were undeniable. They said *even if* I ever came back, it would be a life barely worth calling one. My parents, still 1,000 miles away, received

the call no mother or father should ever hear: “*You need to come now.*” Nurses spoke of me in the past tense: “*He didn’t even write a last will, did he?*”

And yet, faced with all that was “final” on earth, there was the voice that called me higher—one too quiet for human ears but strong enough to shake my entire reality.

Because what no one knew, what no one could know, was that the body lying in that hospital bed wasn’t really me. I had already left.

From the moment my skull cracked against the pavement, I was no longer in this world. My spirit had departed, leaving my body as a hollow glove left behind. And what I saw, what I experienced beyond the veil of this life, was more *real* than anything I could ever have expected.

I simply invite you to ask yourself the question: What if?

One day, soon enough your last breath will come, and you will leave this earth as well, which is why I have written this for you. You need to know the truth. By the end of reading this book, you will finally understand:

Heaven is not just a location.

Heaven is Him.

WHEN MY SPIRIT LEFT MY BODY

I never thought I'd watch my body from above.

We were racing down the road at 30 miles per hour. My friend, John Michael, and I had just rounded the corner of the road when my electric skateboard collided with a tiny light bump in the middle of the lane. I did a backflip off the board and landed right on my skull. Right then and there, I simply slipped right out from my body, and from above, I saw everything.

Seeing my body below me and what happened next wasn't just surreal; it made me rethink *everything*. John Michael turned around in utter shock and witnessed my body seemingly lifeless on the road, and he rushed over to me. As blood gushed from my ears and vomit filled my lungs, he held me up. He immediately called 911.

I was far from the skateboard. Aaron, my other friend, came running over and both he and John Michael were panicking, both trying to wake me up. There was no response, other than my body rigidly posturing itself. I was stiff, and my eyeballs were empty of life.

My 20-year-old body was basically dead in John Michael's arms. As they had to sit tight and wait for the ambulance, *all they could do was pray*. They couldn't believe something so horrible could happen in *just a moment* right before their eyes.

But I didn't experience any pain or sorrow at all.

The ambulance quickly arrived, and in moments they were loading me onto a stretcher and frantically attempting to get oxygen into my lungs. I was not responding at all. My body was raced to the ER, *but my spirit had a different destination*.

Gone. Just like that. I finally felt *free*. Everything that was such a weight and burden just *evaporated off me*.

CT scan taken soon after accident:

I didn't cease to exist, or "go to sleep and dream." Instead, it was as if I had simply stepped out of an old, worn-out suit. I saw it, but it wasn't me. Who I truly was—my spirit—was being suctioned upward into a tunnel of pure, living, and joyful light.

I wasn't just lifted to a higher "altitude" in the skies above. I knew I was passing through the veil. As I was being transported through a vertical tunnel, I didn't just see the light above me—it wasn't distant or separate. The closer I got, the more it consumed me, wrapped around me, pulled me in like I belonged to it. It wasn't just something I was approaching, it was something I was becoming part of. All the darkness and death faded away in the distance.

"You have an appointment."

WHEN YOUR ENTIRE LIFE HITS THE REPLAY BUTTON

Imagine your life flashing before your eyes.

You know that feeling when you're trying to drive through a deep mud pit? No matter how hard you press the gas, no matter how fast the wheels spin, you're stuck—grinding, pushing, but going nowhere. Then, the moment your tires finally catch some traction, the car launches forward with force.

I felt exactly that way the moment I left my body. On earth, it was like I had been moving through something so thick, a world that clung to me like tar, slowing me down, holding me back. But my release was effortless. As the split-seconds went by, there was less and less resistance. I was no longer trapped.

I saw my entire life review in a flash before me. It was like a film recording replay, which took all the years I had lived and then played it out in just a moment. I immediately understood that I had only seen and experienced a *tiny* fraction of what Love had done for me the entire time.

Before my accident, I believed I was accomplishing a great deal and was very successful. I was a college graduate, debt-free,

with solid friends and family, worked hard, had a YouTube channel, and gave to the poor and homeless.

My life was just a drop in the bucket. There were many things and physical items that didn't mean nearly as much as I had thought in the moment, and other moments and people were much more important than I had realized at the time.

Time was much more valuable than I realized.

But what was so beautiful about this life review is that I immediately saw Him, right next to me always, no matter how hard I denied Him at the time or didn't believe He was there. His mercy had been sprinting after me, no matter how far I would run.

I will go into more details of this life review later in this book, but first you must understand what happened next.

HEAVEN'S CLOCK

How long was I gone?

Down here on earth, I was out of consciousness for roughly 18 days. Up there, it felt like a breath. Time doesn't work the same when you're standing outside of it.

Every day, my family and friends hoped that my blood pressure would stabilize so that I could breathe again. I was transferred to the ICU (Intensive Care Unit), where my body was continually watched as everyone prayed for me to come back to life.

Because all they could see was my deteriorating body, they dealt with immense grief, feeling that *they had lost me*. But I hadn't stopped existing; I simply had moved.

It was both as short as a minute but as long as a lifetime. Whenever I look back at my time before my accident, it feels like hundreds, if not thousands of years ago. It honestly feels like I am looking at another person's life because it was just so different.

Second Peter 3:8 (TPT) says, "So, dear friends, don't let this one thing escape your notice: a single day counts like a thousand years to the Lord Yahweh, and a thousand years counts as one day."

For every second I was about to experience with Him, *everything* was about to change.

What was it like to be face to face with Jesus?

What does Heaven look like?

And what did Randy Kay learn from his afterlife encounter?

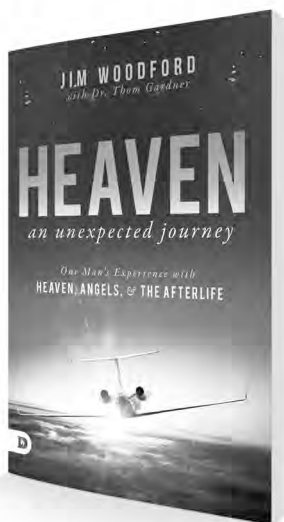

As a human development researcher, medical advisor, and director of clinical support, Randy Kay was not given to fantastical ideas about the spirit realm or embellished divine encounters. But after clinically dying in the hospital, Randy Kay had a life-changing afterlife experience with Jesus in Heaven.

In his first book, *Dying to Meet Jesus*, Randy shared this experience, but not the supernatural insights and profound discoveries he received. Now, Randy senses a timely assignment from the Holy Spirit to answer the question so many readers have asked: *what did you learn while you were in Heaven?*

Take hold of the amazing truths that Heaven has released through Randy's incredible experience, and see for yourself the powerful life-change that can accompany *Revelations from Heaven*.
